3. TRAVEL REGISTRY SERVICES

Are you one of those modern couples who already has all the pots, pans and china that you could ever use? One of the latest trends in Honeymoon/Romance travel is the use of a "*Honeymoon Registry*". I can work with you to choose the perfect honeymoon, and once the reservations are made, I can set up an online registry through which you can have your guests contribute to the cost of the trip, instead of purchasing another silver flower vase! I recently had a bridal couple who requested honeymoon registry gifts in lieu of traditional wedding gifts and actually ended up raising the funds to pay for 85% of the total trip cost!
